

Supplier Terms and Conditions

Versatile Spray Painting Ltd.

Purpose: This Document acts as communication for the Flow Down Requirements from VSP, Ltd. to our Suppliers to ensure awareness.

Within this Document, the term Supplier refers to external organizations that provide products and/or services to VSP, Ltd.
The following are requirements for our Suppliers:

- a) The Purchase Order (PO) and any referenced requirements and specifications for the processes, products, and services to be provided including the identification of relevant technical data (e.g., specifications, drawings, process requirements, work instructions) shall *be complied with*;
- b) The Supplier shall maintain controls for the approval of their:
 1. products and services;
 2. methods, processes, and equipment;
 3. the release of products and services;
- c) The Supplier shall maintain organizational competence, including any required qualification of persons;
- d) The Supplier shall cooperate through all interactions with VSP, Ltd.;
- e) VSP, Ltd. monitors Suppliers' performance for OTD, Price variance, and Quality;
- f) Certain instances may require VSP, Ltd. and/or its customers to perform verification and/or validation activities at the Supplier's premises;
- g) *The Supplier shall maintain control of design and development activities, as applicable;*
- h) *The Supplier shall maintain control of special requirements, critical items, or key characteristics, as applicable;*
- i) *The Supplier shall maintain control of tests, inspections, and verification activities (including production process verification), as applicable;*
- j) *The Supplier shall maintain control of the use of statistical techniques for product acceptance and related instructions for acceptance by the organization, as applicable;*
- k) *The Supplier shall:*
 - *implement a quality management system;*
 - *use customer-designated or approved Suppliers, including process sources (e.g., special processes), as applicable;*
 - *notify the organization of nonconforming processes, products, or services and obtain approval for their disposition;*
 - *prevent the use of counterfeit parts;*
 - *notify the organization of changes to processes, products, or services, including changes of their Suppliers or location of manufacture, and obtain the organization's approval;*
 - *flow down to Suppliers applicable requirements including customer requirements;*
 - *provide test specimens for design approval, inspection/verification, investigation, or auditing;*
 - *retain documented information, including retention periods and disposition requirements (shred);*
